# ROUGH TERRAIN

ELECTRIC ARTICULATING BOOM LIFTS

## ZA20JERT/ZA20JERT-Li

Comply with ANSI/CSA Standard

### HIGHLIGHTS

- ▶ Provide greater work height of 21.38m and lift capacity of 250kg/360kg than competitor
- ▶ Fast lift system directly lowers the boom from the highest position to the ground, no need to fold the boom to improve work efficiency
- ▶ Accurate and efficient traveling AC drive system and on-board motion AC drive system provides strong power, stable control and maintenance-free motor
- ▶ Independent auxiliary power system for more secure application
- ▶ Large reduction ratio reducer provides stronger gradeability
- ▶ Large-capacity lithium battery features long-lasting battery life, and number of charge and discharge cycles reaches 2500 times, the whole life cycle is maintenance-free, and a 5-year warranty is provided

### FEATURES

#### Standard Features

- |                          |                             |                        |
|--------------------------|-----------------------------|------------------------|
| Proportional control     | Emergency stop button       | Load sensing system    |
| All motion alarm         | Auto-leveling system        | 4.3' LED display       |
| Flashing beacon          | On-board diagnostic system  | Horn                   |
| Self-closing entry gate  | Over tilt protection system | Anti-crushing device   |
| Emergency descent system | Oscillating axle            | Fast lowering function |

#### Accessories & Options

- Platform light
- AC power to platform
- Airline to platform
- 2.44×0.91m/8ft×2.98ft work platform
- Non-marking tire
- Battery management system (ZA20JERT-Li Only)
